18:15–19:00	Interaction between Presenters & Participants (Including Opportunity to Ask One-on-One Questions)	
19:30–21:00	Dinner	

PRE-SYMPOSIUM TECHNICAL VISIT: MONDAY, 20 OCTOBER 2014

IAIA has partnered with Africa Foundation, a 20-year-old nonprofit organization which strives to create sustainable livelihoods in a holistic way, to create a meaningful technical visit to three project sites. A full description of the technical visit is available at www.iaia.org > [Resettlement Symposium](#).

- **Madilika Craft Centre**, where 12 crafters transitioned from individually selling by the roadside to fulfilling enough bulk orders to fund electricity at their new building and pay for their children's education.
- **Zitha Farm**, owned by the only female farmer in the region, which supplies produce to the local market and supports a feeding scheme programme for schools.
- **Lillydale Home-based Care Centre**, started by a group of women volunteers in 2004 who asked the local clinic for training to meet the health care needs of those unable to travel to the clinic, and now they offer food, water, and health services to 360 children.

POST-SYMPOSIUM TRAINING COURSE: THURSDAY & FRIDAY, 23-24 OCTOBER 2014

This training course on **Land Access and Resettlement** will provide two days of specialized training by international experts from Intersocial Consulting. Sessions will use an interactive approach, with discussion of practical case examples and a focus on lessons learned with regard to common pitfalls, what has worked and not worked (practical and innovative methodologies and tools from across the world), dos and don'ts, critical principles and things to bear in mind. A detailed course outline is available at www.iaia.org > [Resettlement Symposium](#).

Course Topics & Outline

Assessment

- Baseline Data Collection, Storage and Analysis
- Impact Assessment
- Risk and Opportunity Assessment

Planning and Implementation

- Planning Assumptions
- Resettlement Packages – Mitigation Measures
- Livelihoods & Vulnerable Persons Programs
- Cultural Heritage Issues
- Benefit Sharing and Incentives
- Tendering and Contracting
- Engaging with Internal Stakeholders
- Engaging with External Shareholders
- Resettlement Site Construction
- Payments and Moves

Monitoring and Evaluation

- Defining and Measuring Success
- Internal and External M&E

Case Studies

- Group Work: Preparation, Presentations, and Feedback

Closing

- Summary of Key Steps to Improve Resettlement Practice
- Final Questions

PROGRAM COMMITTEE

Daniel Franks

Mike Steyn

John Owen

Kemal Vaz

ABOUT IAIA

IAIA is the International Association for Impact Assessment, organized in 1980 to bring together researchers, practitioners, and users of various types of impact assessment from all parts of the world. IAIA involves people from many disciplines and professions. Our members include corporate planners and managers, public interest advocates, government planners and administrators, private consultants and policy analysts, university and college teachers and their students. IAIA has members from over 120 nations.

For 34 years IAIA has been holding annual conference events all over the world to promote best practices in impact assessment.
